Subject: **TSM Verification Summary Report- Platinum Group Metals Corporation**

Dear **Mr. Dimaculangan**,

We extend our gratitude to the Chamber of Mines of the Philippines for recognizing Platinum Group Metals Corporation (PGMC) as one of the ten operating member companies selected for the TSM (Towards Sustainable Mining) External Verification last June 19 to 22, 2024.

The TSM verification process included an independent review by the Verification Service Providers (VSPs), led by Engr. Michael Cabalda and Mr. Benjamin Villacorte. The VSPs successfully assessed and verified PGMC's compliance with the TSM standards, based on the eight protocols outlined in the Verification Summary Report.

After reviewing the Verification Summary Report, we agree with the results presented by our VSPs on August 28, 2024 and we hereby support the findings of the external verification with this letter. The report provides a fair evaluation of PGMC's current performance and offers valuable insights that we will use to enhance our procedures and processes moving forward.

Very truly yours,

IAN CHRISTOPHER T. ALANSADO, R.Ch.
QMS Head and Laboratory Chemist
TSM Mine Site Coordinator
