

22 September 2025

MR. ROCKY DIMACULANGAN

Vice President and TSM National Coordinator
Chamber of Mines of the Philippines
Unit 801, Raffles Corporate Center, F. Ortigas Jr. Road
Ortigas Center, Pasig City

Dear Mr. Dimaculangan:

RE: Letter of Assurance – TSM External Verification

Greetings from the Didipio Mine.

OceanaGold (Philippines), Inc. (OGP) confirms that it has established and implemented a process to verify the information provided to the Chamber of Mines of the Philippines (COMP) regarding its performance against the indicators set out in the Towards Sustainable Mining (TSM) protocols.

We further confirm that OGP's reported 2025 TSM performance indicator results, covering 2024 reporting year, have undergone external verification.

The external verification was conducted on 6-8 May 2025 by COMP-accredited Verification Service Providers (VSPs) Engr. Roland De Jesus, Mr. Benjamin Villacorte, Atty. Maria Karla Espinosa, and Mr. Pocholo Domondon, in accordance with the COMP TSM Terms of Reference for External Verifiers dated November 2021 and the Mining Association of Canada Verifier's Guide updated last 8 December 2021. The verification process included a comprehensive review of documentation, stakeholder interviews (both virtual and in-person), and a site visit at the Didipio Mine.

OGP remains committed to working closely with COMP to ensure full compliance with TSM requirements and to continuously demonstrate our commitment to responsible mining and sustainable development.

Please feel free to contact Daisy Ann M. Arcil (DaisyAnn.Arcil@oceanagold.com) for any questions regarding our TSM compliance or 2025 results.

Sincerely yours,

ATTY. JOAN D. ADACI-CATTILING
